Matters arising

Mr Gurney sent Mrs Hall
enquired if this could now be taken
Mr Strand replied that it now seemed
that the shed size was alright but we
have had no written confirmation from
the City Estates about this, also complaints
were now being made about a quantity
of wood which Mr Gurney had stacked
on his plot without permission, this
would attract vermin. In view of these
problems his rent would still not be
accepted and a quorum would
inspect his plot on Sunday.

Toilet in the upper field

Mr Strand reported
that the toilet in the upper field

was in a very bad state it needed a new door and frame and some new brickwork and it was all going to cost a lot of money.

Water supply A connection was needed Mr Excell was to be contacted. Mr F. Green was going to lay some bricks for the start-up. Hall, Mr. Stas enquired if the Secretary knew how much our water supply was going to cost. Mr. Straud didn't know but hoped for help from the city estates (Mr Green).

Insurance

Mr Straud reported that we were still waiting for the insurance co. to send policy and confirm they seemed to be taking a long time.

Secretary's Report

Mr Straud read from a letter from Mrs Hall regarding Inos present she had received from committee for her work as treasurer.

Mixing ladders.

Mr Straud reported that a ladder belonging to him was missing.

Seeds. These had been ordered from thrust seeds. we would be selling them at the same price as last year even though they are up 2/6 a packet, this would not mean we would be selling at a ~~loss~~ loss. loose seeds were not in yet.

Mr James reported that pockets of seeds in the shed were wet. Mr Strand explained that the fair pack inside was airtight so the seeds would be alright even so we will pack them away during these adverse weather conditions.

Treasurers report

Mr Jandy the new treasurer commenced his report by thanking Mrs Hall for the good state of the accounts.

A float of £50-00 had been given to the Secretary so that he would be able to buy quickly.
