

Meeting of the San Joaquin Allotment
Committee held at the Marston Ch. H. 75.
This is that morning on the 4th 11.75.
commencing 8.00 pm.

Members Present: Webb, Stand, Stone,
Rinold, Hall, Adams, Smith, Shellen.
Chickman, Perkins.

Apologies. None.

Minutes of last meeting read and repeated
a three record by Mr. R. Shellen
seconded by J. M. S. C. Hall
Carried Unanimous.

Matters arising.

Since Mr. Stand had not ordered
due to insufficient purchasing
committee members still showing
up to be effective, and also the
same three members turn up each
time to take in the heavy goods
to the shed, saying he will
not do anything until this
situation is improved. Adding
that Phoenix Valley Live Co. have
supplying Aggraded Live at less
than 2 ton lots which could
well be of advantage to us.

Pay Vets Bill. Clarified and now paid
with the assistance given by Mr. Backhouse.

Mr Stone asked for notification for the mules seeking for the names of the two Audubons for 1975.

Mr Strand said we have now been informed that there is no sale or he turn on seeds but they are stamped and suitable for three years.

18 Repond still on the waiting list for plots.

Mr Cutler has not done his Pond side plot and Mr Webb under took to go and see him.

It was proposed Mr Adams decided Mr Smith that Mr Barthett no. 30A. be allowed to take over again 30B. which he had previously given up due to ill health. 30B now being rough due to non cultivation by Mr Gardner. The Executive recommended we approve. Carried.

Outstanding rents One: 8A. Plot Althea Mr Shellman.

Plot nos.

108. 109. 110. 111. on
The top field belonging to Mr Smith, Smith, Smith, and Wilmer. Mr Smith

complained that these plots were not
10 pole each and asked where the
paths should be put on each.
He produced a drawing to illustrate
his complaint which appeared
to degenerate after much discussion
to one of wanting the ~~plots~~ plots
reworked which would reduce the
numbers from 4 plots to 3 plots or
that they be altered to pay a
proportionate rent for the ground.
It was voiced by other members
that ten plots would measure 10 pole
in the old accepted sense and we
could be setting a shod ball in
motion if McSmith's point were
conceded recognizing also though
that some callers had a larger
plot than 10 pole.

It was proposed by Mr Adams
seconded by Mr Sheldon that the
areas be looked at next Monday.
Mr McSmith's concern as to paths.

We then gave a Treasurer report
indicating that our finances had
improved during 1975.

Concurrence. Mr McSmith by
Mr Adams seconded by
Mr Sheldon to start re-surfacing the
entrance road; adding that they
hoped our finances would improve
which would enable us to make a

belated contribution of the new
road and future contributions towards
its up keep.

Letter from City Council covering reply
to Mr Stowards letter of 16-6-75.

Mr Webb reported back on his
attendance at the Federation
meeting, Oxford Town Hall.

Mr Sheehan complained that the
bushes have been shut off too early
this year. Mr Stoward said this was
Frost Protection Policy.

Mr Sheehan recommended that a
first aid kit be purchased and
held in the shed.

Dutch Elm Disease affecting trees
by the shed. It was said that
the tree feller's are available
to remove them at present and
in any case our sheds will not fall
down yet.

Meeting closed at 10-00 pm. Next meeting
A.G.M. 27-11-1975. Maister Park
Hall at 7-45 pm.

A. H. R. S.
