Secretary's report Parish council allotments
Mr Garner was making various
approaches regarding renting some of our
land so that they could overcome
a serious problem regarding parish
allotments our answer was that we
did not wish to become involved in
any way.

Rotavator we had had an on site
demonstration of this machine and it
did what was expected of it. Comments
Mr Savin it was alright but it was
big.

Mr Cann nothing to report.

Mr Gurney it did what brochure said
it would do 6" depth maximum.

Mr Masey it was easy to operate.

There was the usual reservations
i.e. who would operate the machine,
insurance, limit it for use to recover
plots any other use at committee's
discretion. We would charge for use
after long discussion there was a proposal
from Mr Savin that we purchase the
rotavator on conditions agreed before we
buy. Satisfactory security arrangements
for use primarily for the reclamation
of plots and at committee's discretion
and operated by committee members
only. Sec by Mr Cann and vote
4 for and 2 against.

AGM. recommendation to AGM from outgoing committee proposed by Mr. Cann that no increase in rent was required Seconded by Mr. Gurney unanimous.

AGM agenda Mr. Gurney read agenda all agreed

There being no further business the meeting closed at 9-15 PM

J. Shearer.
